

CHILDRENS FURNITURE RANGE

BY DIPLOMATIC MISSION SUPPLIES

Captains Bed

With four drawers and two very large cupboards there is an abundance of storage space. The bed has a shelf in each cupboard and a ladder as standard, together with a pull-out tray which can be used as a desk or bedside table.

Toddler Bed

Designed at a low height as a bed for young children. The bed is strong enough for an adult to sleep on. It is made with Dovetail Joints and the large storage drawers provide ample space to store clothes, toys and other items.

Cabin Bed

The Cabin bed offers storage in the form of three large drawers and two cupboards with a removable shelf in each. Ladders are available for this bed upon request.

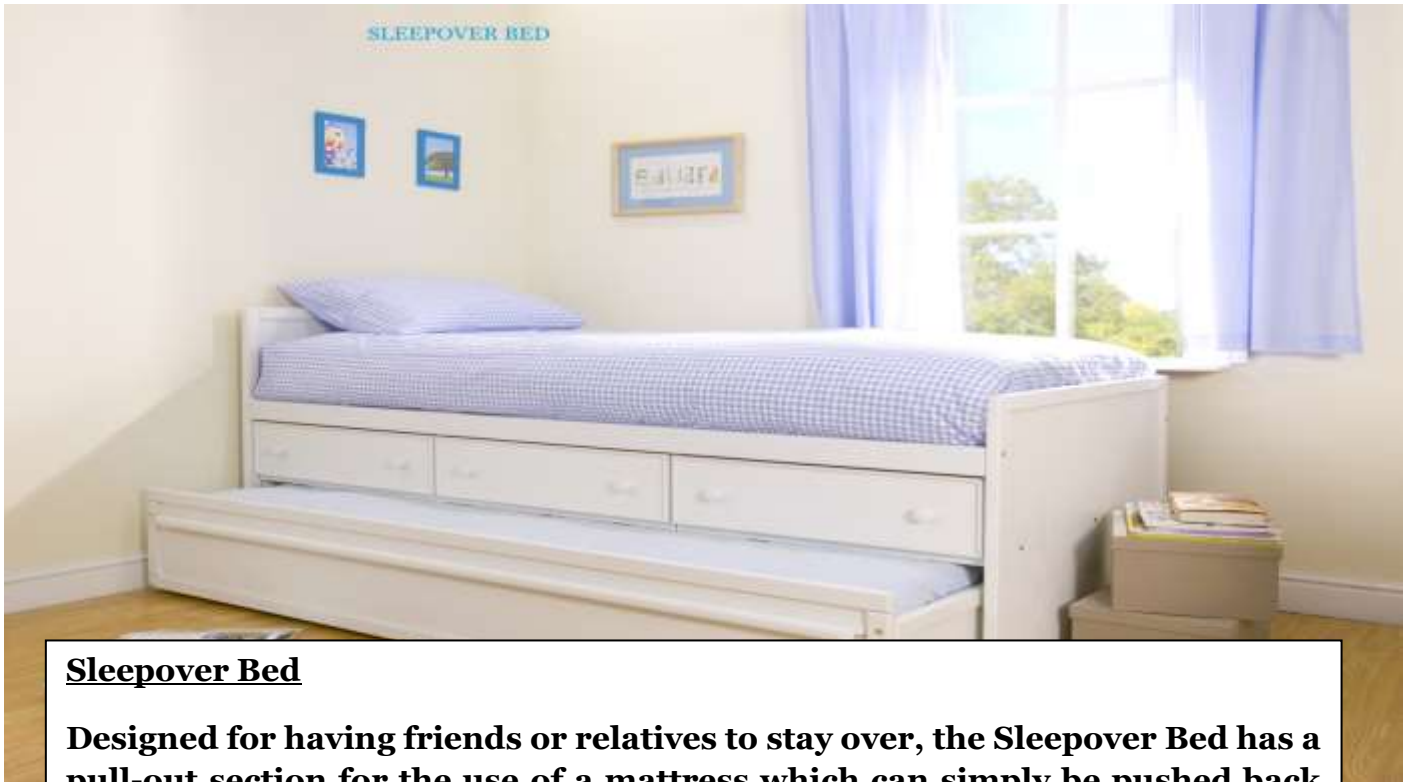

Storage Bed

This bed is approximately the same height as a standard divan. The storage drawers are set on easy glide metal runners and the two built in cupboards offer a good space for storage.

Four Poster Bed

This bed has two drawers and two cupboards for storing items but with four posts above the bed to hang curtains. A beautiful bed for a little princess, curtains are available in various colours to fit.

Sleepover Bed

Designed for having friends or relatives to stay over, the Sleepover Bed has a pull-out section for the use of a mattress which can simply be pushed back under the bed when not in use. The Sleepover Bed also incorporates three storage drawers which makes the Sleepover Bed an attractive yet practical option for a child.

Study Unit

The compact Study Unit incorporates a bed, desk and wardrobe. It offers a suitable working surface which can also be used for a computer or laptop.

The bed is accessed by the ladder.
