Design Services

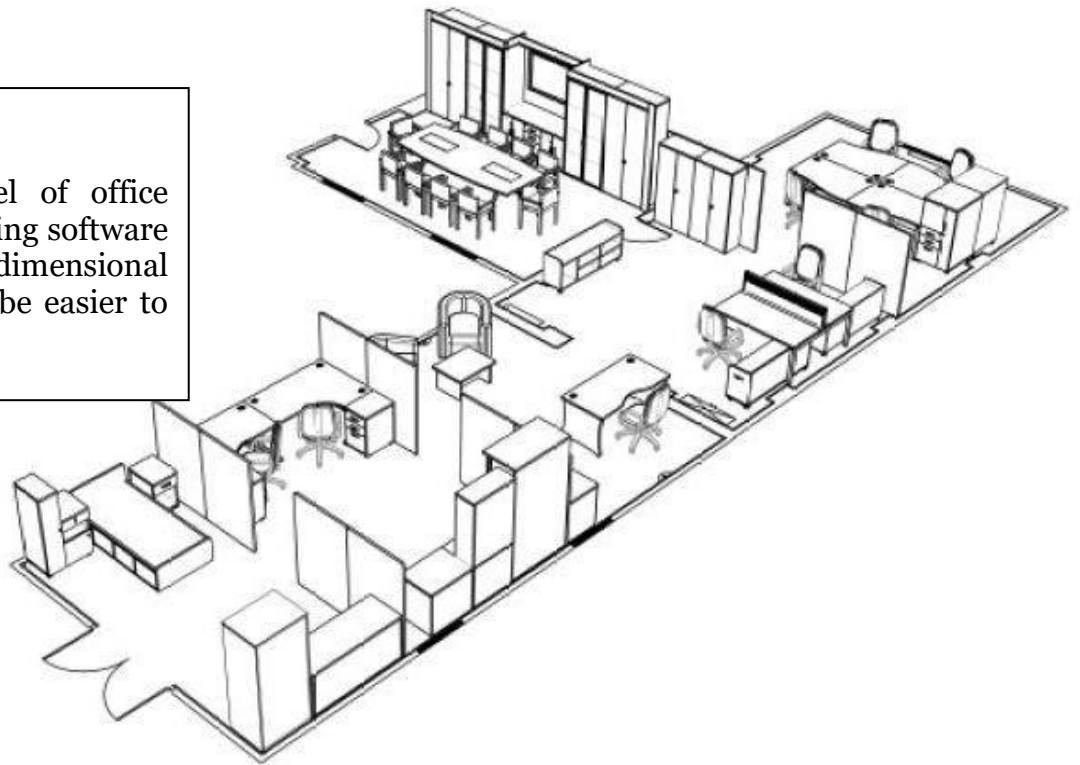

2D Floor Plan

This is the first stage in the design process and is often sufficient. It distinctly demonstrates the use of space and configuration of the furniture

3D Line Drawing

This is the second level of office conception. Utilising leading software we can produce a three dimensional line drawings which can be easier to visualise

3D Render

If required drawings can be coloured and completed to a higher standard. This gives a substantially improved visual impression suitable for more formal propositions.

Mission Statement: -

For 21 years, **Diplomatic Mission Supplies** has established itself as a leader in worldwide Procurement & Logistics. We are a specialist supplier to Diplomatic clients all over the world, especially British Posts with whom we have a contract through the Foreign and Commonwealth office in London to supply residential furniture for Junior, Mid, Senior Grade Officers and Ambassador level.

We have visited more than 85 countries to assist clients with their furniture requirements for residential properties and the office including ergonomic seating plans and working environments for open plan offices; meeting rooms; break out areas; visa sections and waiting rooms and have recently been appointed as authorised dealer for SBSeating.com (**Scandinavian Business Seating**).

For a complimentary, no obligation visit to discuss your requirements please contact us by email to **sales@dms-uk.com** or via our web site **www.dms-uk.com** where you can view and download our latest house pack lists and sofa sets.

Environmental issues: -

At DMS we support the UK Government initiative of commitment to the achievement of sustainable development through environmental procurement to avoid the depletion of natural resources and damage to the environment. Furthermore, we confirm we ensure that no timber or wood contained in our furniture supplied to the end user has derived from any species of tree that is protected under the convention on international trade in endangered species of wild fauna and flora (**CITIES**)

It is our main objective to offer unrivalled support to Diplomatic Posts worldwide with a range of products that do not conflict with our environmental beliefs in support of 'Green Issues' overseas which includes recycled packaging, at every opportunity and working with manufacturers that share our vision. Any wooden pallets we use are always 'heat treated'.

Fire Safety: -

All furniture supplied complies with the UK furnishing (**Fire Safety**) regulations 1988 amended in 1989 and 1993 and all applicable EU directives relating to F R issues. Beds and Mattresses are manufactured to CRIB 5 as standard and only CMHR foam is used in the construction of our handmade sofas and chairs.
